POLICY / PROCEDURE STATEMENT

FISHING POLICY

Purpose: The purpose of this policy is to identify who is permitted to fish on Burnt Store Lakes property and to cover the provisions for such activity.

Scope: The lakes, like the greenbelt, are for the use and enjoyment of all property owners. The fish in the lakes belong to all property owners. Thus, no property owner can give carte blanche permission to non-property owners to fish in our lakes for an indefinite period of time. The property owner may fish with houseguests who wish to fish, or the guests may fish alone while visiting a property owner -- but only while a houseguest of the property owner. Permission may not be given for "unlimited" fishing to a non-property owner.

The period of time for which the property owner may grant permission is that period of time during which the guest is visiting the property owner.
